

1. I like the balance of this logo.
2. It has a classic look, but this style is also used in modern designs.
3. It would work well small scale or large scale.
4. It could be made to look like a stamp for a more rugged look.

1. I like the modern look of this logo.
2. I think this brand could be made to look quite high-end.
3. With this simple design, I can imagine a lot of different types of packaging.
4. The brand name is easy to read and the logo easy to recognize.

ALISTAIR

1. This one has a classic look but in a different way than the first option.
2. The brand name could be handwritten custom typography.
3. The running dog could be either a serious drawing or a cuter/funnier one.
4. I could mix classic and cute elements.
